PATENT

**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE**

In re Patent of:

Shimon Hochbaum

U.S. Pat. No. 7,274,881 B2

Issued: September 25, 2007

For: OPTICAL LINE TERMINAL AND  
METHOD THAT STORE THE IDENTITY  
NUMBERS OF A NUMBER OF OPTICAL  
NETWORK TERMINALS THAT ARE  
ASSOCIATED WITH A SINGLE  
NETWORK END POINT

Group Art Unit: 2613

Examiner: Wang, Quan Zhen

REQUEST FOR CERTIFICATE OF  
CORRECTION OF PATENT FOR  
PTO MISTAKES § 37 CFR 1.322

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450  
Attn: Certificate of Correction Branch

Dear Sir:

Applicant requests the issuance of a Certificate of Correction to correct PTO mistakes under 37 C.F.R. §1.322.

In the amendment filed on June 5, 2006, applicant amended the Summary of the Invention section by amending:

- the fourth full paragraph on page 8, which continues over to page 9;
- the first full paragraph on page 9;
- the second full paragraph on page 9;
- the third full paragraph on page 9;

REQUEST FOR CERTIFICATE  
OF CORRECTION OF PATENT FOR  
PTO MISTAKES §37 CFR 1.322

Atty. Docket No. 200-65501  
(PB030022AF)

OCT 24 2007

the fourth full paragraph on page 9, which continues over to page 10;  
the first full paragraph on page 10; and  
the second full paragraph on page 10.

The mistake is that in the patent one of the paragraphs in the Summary of the Invention section is out of order. More specifically, the text that corresponds with the amended first full paragraph on page 9 does not follow the text that corresponds with the amended fourth full paragraph on page 8, but instead follows the text that corresponds with the amended fourth full paragraph on page 9. As a result, applicant requests cancellation of the paragraph in the patent that begins at column 5, line 58 with the phrase "The optical line terminal device" and ends with "single network cable." at column 6, line 2.

In addition, applicant requests that the following text, which corresponds with the text of the amended first full paragraph on page 9, be inserted at column 5, line 11, which follows the end of the text that corresponds with the amended fourth full paragraph on page 8:

--The optical line terminal device also includes a controller that is connected to the optical transmitter and the optical receiver. The controller includes a memory to store a first identifier and a second identifier, and a processor that is connected to the memory to prepare the downstream information for the optical transmitter, and receive the upstream information from the optical receiver. The first identifier represents a first optical device that is connected to an end of a single network cable. The second identifier represents a second optical device that is to be connected to the end of the

7,274,881 B2

PATENT

single network cable after the first optical device has been removed from the end of the single network cable.--.

Attached in duplicate is Form PTO-1050 with at least one copy being suitable for printing.

PATENT NO: 7,274,881 B2

APPLICATION NO.: 10/617982

DATE: September 25, 2007

INVENTOR(S): Hochbaum

It is certified that error appears in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

Column 5, Line 11, insert paragraph --The optical line terminal device also includes a controller that is connected to the optical transmitter and the optical receiver. The controller includes a memory to store a first identifier and a second identifier, and a processor that is connected to the memory to prepare the downstream information for the optical transmitter, and receive the upstream information from the optical receiver. The first identifier represents a first optical device that is connected to an end of a single network cable. The second identifier represents a second optical device that is to be connected to the end of the single network cable after the first optical device has been removed from the end of the single network cable.--

Column 5, Line 58, cancel the paragraph beginning with "The optical line terminal device" through and ending with "single network cable." in Column 6, Line 2.
